Overview

2027 Open Call for Proposal for management of General food Distribution, Blanket Supplementary Feeding Programme in Eastern Equatoria State-Lafon County.

Last updated 26 November 2026

Donor: WFP
Reference: WFP/SSD/2026/061
Location: South Sudan
Deadline: 9 December 2026
Open

Purpose and scope

WFP's 2027 Open Call for Proposal seeks proposals to manage General food Distribution and the Blanket Supplementary Feeding Programme in Eastern Equatoria State and Lafon County, South Sudan. The response focuses on famine prevention, life-saving food and nutrition assistance, and context-appropriate early recovery for crisis-affected populations.

Priorities

Geographic prioritisation starts with areas at risk of famine under worst-case scenarios, followed by IPC AFI Phase 4 areas with populations in Phase 5, then IPC AFI Phase 4 areas classified in IPC AMN Phase 5, and then IPC AFI Phase 4 areas with successively lower AMN classifications. Within each band, IPC Phase 4 population prevalence guides further prioritisation; IPC Phase 3 areas are considered after higher-priority needs have been addressed.

Household targeting gives precedence to households facing IPC Phase 4 or 5, considering severe food-consumption gaps, acute nutrition risks, displacement and compounding vulnerabilities. Refugees, internally displaced persons, returnees and vulnerable host communities are included according to assessed need, not displacement status alone. Particular attention is given to female-headed households and people facing gender-related, disability or protection risks.

Outside FFT, the minimum target is for women to make up 50% of participants in each activity.
