Overview

Support to Civil Society Organisations (CSOs) and Support to Human Rights and Democracy (HR&D)

Last updated 27 November 2026

Donor: European Commission

Reference: EuropeAid/187757/DD/ACT/KH

Location: Cambodia

Deadline: 11 December 2026

Open

Purpose and scope

The European Commission provides a grant under the NDICI - Global Europe Civil Society Thematic Programme 2025-2027, Lot 1, for support to civil society in Cambodia.

Funding

The total call funding is EUR 5,993,000. Lot 1 proposals may request EUR 600,000 to EUR 850,000; Lot 2 proposals may request EUR 300,000 to EUR 500,000. The EU grant share is 51% to 90% of eligible costs, or up to 95% if all applicants and affiliated entities meet the establishment-location condition; international organisations are excluded from the higher rate.

Priorities

Support to Civil Society Organisations (CSOs) and Support to Human Rights and Democracy (HR&D)

The call prioritises integrating gender equality and women's empowerment into the rights-based approach, developing gender analysis and sex-disaggregated indicators whenever possible, and mainstreaming climate action and environmental governance. Preference should be given to community-based organisations representing grassroots groups in target areas.
