Overview

Sélection de partenaires des organisations de la société civile pour la préparation et la réponse aux urgences, ainsi que la facilitation de l'accès humanitaire au Mali pour la période 2027-2029

Last updated 18 November 2026

Donor: UNICEF
Reference: CEF/MLI/2026/012
Location: Mali
Deadline: 10 December 2026
Open

Purpose and scope

Under Mali–UNICEF Cooperation Programme 2027–2031, the programme aims to identify CSOs able to contribute to emergency preparedness, humanitarian access facilitation and humanitarian response in Mali.

The geographic focus is Mali, nationwide, including accessible and hard-to-access areas; special attention to crisis-affected regions. The provision applies to Mali, entire national territory.

The groups named in the programme include children and adolescents and Crisis-affected populations, including displaced people and people with disabilities.

The donor is UNICEF.

The programme is Mali–UNICEF Cooperation Programme 2027–2031.

The programme countries are Mali.

Funding

Prequalification is valid for 3 years. It enables organisations to be considered in future partnership processes according to programme needs, available resources and applicable procedures.

The AMI makes no UNICEF financial commitment. It is not a call for proposals for a specific project; prequalification does not itself provide funding.

Who can apply

The call is open to national and international CSOs legally constituted and authorised to operate in Mali. Applicants must provide evidence of legal existence and any authorisations required for the proposed sectors and areas. They must be registered on UNPP as a non-profit CSO and have an up-to-date institutional profile.

Applicants must identify the regions, circles and communes where they have operational presence and wish to intervene. They must demonstrate knowledge of the local context, community anchoring, operational capacity and ability to reach affected people, including in hard-to-access areas.

Meeting eligibility criteria does not automatically confer prequalification, funding or a partnership.

Priorities

The stated details include mali, entire national territory. Rapid multisectoral emergency response. Priorities include conducting rapid multisectoral needs assessments after shocks, jointly where possible, to guide responses to priority needs and differentiated vulnerabilities.

The stated details include mali, entire national territory. Cross-cutting approaches. As relevant to each intervention. One priority is to integrate gender, equity, disability and displacement inclusion. One priority is to promote meaningful participation of women, adolescents and youth and reduce unequal access to assistance.

As a priority, the priority experience and capabilities are Experience in humanitarian monitoring and early warning, rapid multisectoral assessments, anticipatory action and emergency response. Capacity to promote multisectoral convergence, localisation, inclusion, humanitarian coordination, PSEA, risk management and accountability to affected populations. The provision applies to national and international CSOs. Mali, entire national territory.
