Overview

2027 Open Call for Proposals for Implementation of the Green Climate Fund Project: Activity-Based Partnership for Activity 3.2.2 in Gogrial East, Gogrial West and Twic Counties

Last updated 18 November 2026

Donor: WFP

Reference: WFP/SSD/2026/023

Location: South Sudan

Deadline: 1 December 2026

Open

Purpose and scope

The objective is to strengthen climate resilience of institutions, communities and ecosystems through improved climate-risk management and early warning, food security and climate-resilient livelihoods, ecosystem restoration and community-led adaptation.

The geographic focus is Gogrial East, Gogrial West and Twic Counties; call location entries identify Warrap, South Sudan.

The groups identified include people in climate-vulnerable areas of Northwestern South Sudan. Approximately 1.7 million is the overall ECRF project expected reach, not a partner-specific allocation.

The listed sectors are Food security and livelihoods, Environment and climate and Water Sanitation Hygiene (WASH).

The donor is WFP.

The programme countries are South Sudan.

Funding

The implementation period is four years, from 2027 to 2030. This duration applies to the activity-based partnership described in the call.

Priorities

One priority is building capacity to access and use climate-information services. Another is climate-smart agriculture. These priorities sit alongside the project objective of strengthening food security and climate-resilient livelihoods, improving climate-risk management and early warning, restoring ecosystems and expanding community-led adaptation.

2027 Open Call for Proposals for Implementation of the Green Climate Fund Project: Activity-Based Partnership for Activity

Women must make up a minimum of 50% of participants targeted in each activity, except FFT. This is a participant-share condition for activities; the stated exception is FFT.
