Overview

Salto: Centro de promoción, prevención y atención del bienestar psicoemocional y salud mental adolescente y juvenil, en el marco del Programa Ni Silencio Ni Tabú

Last updated 18 November 2026

Donor: UNICEF
Reference: CFEI/CEF/URG/2026/008
Location: Uruguay
Deadline: 10 December 2026
Open

Purpose and scope

UNICEF supports this call, which involves joint work with INJU/MIDES under the programme Ni Silencio Ni Tabú: Hablemos de Salud Mental. It seeks an organisation to implement a new community reference centre for the promotion, prevention and attention of adolescent and youth psycho-emotional wellbeing and mental health.

The centre applies to the City of Salto, Salto Department, Uruguay.

Funding

The agreement runs from signature through May 2028. Work has two stages: preparation and conditioning of the premises until approximately March 2027, followed by full operation until May 2028.

The preparation stage includes conditioning the centre; the second stage is operation with the full team. The timing of the stages is described in relation to the agreement signature and approximate March 2027 transition.

Who can apply

Applicants must be civil society organisations legally constituted in Uruguay. The call is directed to that applicant class, and legal constitution in Uruguay is the stated registration and legal-status condition.

An organisation that is not a civil society organisation legally constituted in Uruguay does not meet the stated applicant requirement.

Priorities

The coordinator’s additional experience and training are valued. Relevant courses or specialisation include adolescence, youth, mental health, violence or youth participation. Experience in mental-health, adolescent or youth promotion, prevention or care is also valued.

Salto: Centro de promoción, prevención y atención del bienestar psicoemocional y salud mental adolescente y juvenil, en el

Experience administering projects under agreements with government or international cooperation organisations is valued for the administrator. Building plans are valued if the organisation has them; they relate to the proposed premises in the City of Salto, Salto Department, Uruguay.

The call identifies experience relevant to the coordinator and administrator, and building plans where the organisation has them, as considerations for proposals.
