Purpose and scope

WFP's 2027 Open Call for Proposal seeks proposals to manage General food Assistance, Blanket Supplementary Feeding Programme and School Feeding in Warrap State and Abyei County, South Sudan.

Who can apply

For partners working towards the ERA engagement target, participation is voluntary; the target is a minimum of 70% of GFA-targeted households engaged in ERA activities.

Priorities

Geographic prioritisation starts with areas at risk of famine under worst-case scenarios, followed by IPC AFI Phase 4 areas with populations in Phase 5, then IPC AFI Phase 4 areas classified IPC AMN Phase 5, and then IPC AFI Phase 4 areas with successively lower AMN classifications. Within each priority band, IPC Phase 4 population prevalence guides further prioritisation. IPC Phase 3 areas are considered after higher-priority needs have been addressed.

Household targeting prioritises people facing IPC Phase 4–5 conditions, considering severe food-consumption gaps, acute nutrition risks, displacement and compounding vulnerabilities. Refugees, internally displaced people, returnees and vulnerable host communities are included according to assessed need, not displacement status alone. Particular attention is given to female-headed households and people facing gender-related, disability or protection risks.

The call prioritises continuing to expand mobile money in place of cash or vouchers delivered in hand.
