Purpose and scope

WFP's call supports General food Distribution, Blanket Supplementary Feeding Programme and School Feeding in Maban County, Upper Nile State, South Sudan. It combines humanitarian food assistance with context-appropriate Early Recovery Assistance to address food access, nutrition and school children's access to education.

Who can apply

The call permits applications from national NGOs established and registered in South Sudan, an umbrella approach involving INGOs and NNGOs, and direct INGO applications.

Priorities

Geographic priority goes first to areas at risk of famine under worst-case scenarios, then to IPC AFI Phase 4 areas with populations in Phase 5, followed by IPC AFI Phase 4 areas classified in IPC AMN Phase 5 and those with successively lower AMN classifications. Within each band, IPC Phase 4 population prevalence guides further prioritisation; IPC Phase 3 areas are considered after higher-priority needs are addressed.

Household targeting gives precedence to households facing IPC Phase 4 or 5 conditions. The call also prioritises efforts to consider severe food-consumption gaps, acute nutrition risks, displacement and compounding vulnerabilities, and to include refugees, internally displaced persons, returnees and vulnerable host communities by assessed need. Particular attention goes to female-headed households and people facing gender-related, disability or protection risks.
