Donor: WFP

Reference: WFP/SSD/2026/053

Location: South Sudan

Deadline: 9 December 2026

Open

Purpose and scope

WFP's call supports famine prevention and life-saving food and nutrition assistance, integrated with context-appropriate early recovery for crisis-affected populations in South Sudan. It covers Lakes State: Awerial, Yirol East and Yirol West Counties, in the Food security and livelihoods and Nutrition sectors.

Priorities

The call prioritises using IPC acute food insecurity and acute malnutrition analyses and needs assessments. Geographic priority is given first to famine-risk areas under worst-case scenarios, then to the specified IPC AFI and AMN classifications in descending priority, using IPC Phase 4 population prevalence within each band. IPC Phase 3 is considered only after higher-priority needs.

The call prioritises households facing IPC Phase 4 or 5 conditions, severe food-consumption gaps, acute nutrition risks and compounding vulnerabilities. Refugees, internally displaced people, returnees and vulnerable host communities are included according to assessed need, not displacement status alone. Particular attention is given to female-headed households and people facing gender-related, disability or protection risks.
