Overview

2027 Open Call for Proposal for management of General food Distribution, Blanket Supplementary Feeding Programme in Jonglei State- Duk County.

Last updated 26 November 2026

Donor: WFP

Reference: WFP/SSD/2026/056

Location: South Sudan

Deadline: 9 December 2026

Open

Purpose and scope

WFP's 2027 Open Call for Proposal seeks management of General food Distribution and the Blanket Supplementary Feeding Programme in Jonglei State, Duk County, South Sudan. It supports life-saving food and nutrition assistance, famine prevention and context-appropriate early recovery for crisis-affected populations.

Who can apply

Partners work towards engaging at least 70% of GFA-targeted households in ERA activities. Households unable to undertake labour-intensive work should still benefit from suitable support where possible.

Priorities

Geographic prioritisation gives precedence to areas at risk of famine under worst-case scenarios, followed by IPC AFI Phase 4 areas with populations in Phase 5, then IPC AFI Phase 4 areas classified IPC AMN Phase 5 and those with successively lower AMN classifications. Within each priority band, IPC Phase 4 population prevalence guides further prioritisation. IPC Phase 3 areas are considered after higher-priority needs have been addressed.

Within prioritised counties, household targeting gives precedence to households facing IPC Phase 4 or 5 conditions, considering severe food-consumption gaps, acute nutrition risks, displacement and compounding vulnerabilities. Refugees, internally displaced persons, returnees and vulnerable host communities are included according to assessed need, not displacement status alone.

Particular attention is given to female-headed households and people facing gender-related, disability or protection risks.
