Overview

2027 Open Call for Proposal for management of General food Distribution, Blanket Supplementary Feeding Programme in Eastern Equatoria State-Kapoeta East County.

Last updated 26 November 2026

Donor: WFP
Reference: WFP/SSD/2026/059
Location: South Sudan
Deadline: 9 December 2026
Open

Purpose and scope

WFP's 2027 call seeks proposals to manage General Food Distribution and the Blanket Supplementary Feeding Programme in Kapoeta East County, Eastern Equatoria State, South Sudan. It aims to prioritise famine prevention, life-saving food and nutrition assistance, and early recovery for crisis-affected populations.

Who can apply

Partners work towards ERA engagement by at least 70% of GFA-targeted households.

Priorities

Geographic priority goes first to famine-risk areas under worst-case scenarios, then to IPC AFI Phase 4 areas with Phase 5 populations, followed by IPC AFI Phase 4 areas classified in IPC AMN Phase 5 and then lower AMN classifications. Within each band, higher IPC Phase 4 prevalence guides priority; IPC Phase 3 follows higher-priority needs.

Household targeting gives precedence to people facing IPC Phase 4 or 5 conditions, severe food-consumption gaps, acute nutrition risks and compounding vulnerabilities. Refugees, internally displaced persons, returnees and vulnerable host communities are prioritised according to assessed need, not displacement status alone. Particular attention is given to female-headed households and people facing gender-related, disability or protection risks.

The call prioritises expanding mobile money in place of cash or vouchers delivered in hand, and partners work towards ERA engagement by at least 70% of GFA-targeted households.
