Overview

Increasing Energy Efficiency of AI Systems Strand 1

Last updated 28 November 2026

Donor: Innovate UK

Deadline: 20 January 2027

Open

Who can apply

The application must state the organisation’s name and full registered address, and the names and full registered addresses of any non-funded partners or UK subcontractors working on the project.

Priorities

Applicants must select exactly one main theme: Compute; Photonic Interconnects and Data Movement; Sensing; Power and Energy Systems; or Semiconductor Enabling Technologies.
